SIR,

I have the honor to state that Mr. H. Ramiah, Municipal Councillor, in his letter dated the 22nd November last, proposed that a further allotment of ₹50/- a month might be made for the encouragement of two best Ayurvedic Dispensaries in the City in addition to the ₹50/- already provided in the Budget and which was intended to be utilized for paying grant-in-aid to two Unani Dispensaries in the City.

2. The matter was placed before the Municipal Council at their meeting of the 20th Instant, when, after a long discussion, it was decided that the existing provision of ₹50/- was sufficient and might be distributed among the two Unani and the two Ayurvedic Dispensaries at the rate of ₹12½ each. Copy of the Council's resolution is herewith forwarded for the sanction of Government.

3. Among the Unani Dispensaries, those maintained by the Hakeems Mahamed Ebrahim of Kumbarpet and Abdul Khuddus of Arelepet are reported to be the best, while Kasi Pandit of Ulsurpet and V.D.

Pandit

Pandit of Santhusapett are stated to be deserving of encouragement among the Ayurvedic Dispensaries in the City. As all the above four applicants are well spoken of and are deserving of some help in the interests of public, the distribution of the existing provision of ₹ 50/- equally among them may be sanctioned with effect from the 1st January next.

I have the honor to be

For Honorary President.

Bangalore City,
Dated 14th February 1914.

To,

The Secretary to the Government
of His Highness the Maharaja of Mysore,
General and Revenue Departments,
BANGALORE.

Sir,

We, the undersigned, rate-payers of the City and Members of the Unani Dispensary (Woolen Mill Road, Arlepet), most respectfully beg to bring the following lines for your kind perusal and favourable consideration.

That according to Government Proceedings No.1066-7/Med.175-09-3 dated 1-8-1910, we started the above named Dispensary with our own donations and monthly subscriptions and maintained the same for more than three years according to the conditions laid down in the said order. We are gladto inform you, Sir, that a very large number of patients of all castes and creed are benifitted from this Dispensary where the daily attendance averages to as many as 105. The members of the Special Committee including the Vice-President inspected the Institution and being satisfied with the Registers, Medi-cines and qualifications of the Hakeem, Abdul Khudus Sahib, (under whose able management the Dispensary is placed) made a satisfactory report to the Municipality, who after discussing the matter in their monthly Meeting, recommended for a grant of Rs.25/- a month to the Institution tentatively for one year, vide M 358 dated 29th June 1912. After the expiry of the year, the question was again put before the Municipal Council for the continuance of the same. By a majority of the Municipal Councillors, it was resolved to continue the same amount. Again the Municipality brought the matter before the Council in the end of December last and to our utter dismay and disappointment reduced the grant to Rs.12-8-0 and made recommendation to the Government accordingly. In this

this connection, we beg to point out that Rs. 25/- sanctioned by Government had given us some relief in our subscription. In one year the above grant was found insufficient to meet the growing demands of the City and surrounding villages. There are at present two compounders on a pay of Rs.10/- each a month. The medicines in Unani cost enormously high. If the grant is cut to Rs.12-8-0 as now recommended by the Municipality we fear, it will be cutting the life of the Dispensary itself. We beg to enclose for your kind perusal copies of the opinions of the several Officers and important patients treated in this Dispensary and venture to invite particular attention to the report of the present Health Officer and the Special Committee.

The present Honorary President visited the Dispensary in the middle of December last and was satisfied with every--thing that he saw. He made enquiries of some patients present at the time and was immensely pleased to hear good accounts of the Institution. In spite of so much advantage on the side of the Dispensary, it is inconceivable indeed how and why a re--commendation to reduce the present grant was made to Govern--ment by the Municipality. We therefore beg that you will be so good as to obtain the sanction of the Government to continue the present grant of Rs.25/- at least, if the Government cannot be induced to allow anything more.

For which act of kindness, we shall ever be grateful,

We beg to remain,
Sir,

CERTIFICATES OF THE PATIENTS.

Certificate by Rao Bahadur A.Ramaya Punja Esq.B.A.,B.L
District Judge, Civil and Military Station, Bangalore.

Moulavi Hakim Mahomad Abdul Khudus Sahib is a physician practising the Unani system of treatment. I have much pleasure in testifying to his successful treatment of a case of acute rhumetism in my family and I know of a very bad case of chronic rhumatism in which the patient was bed ridden for ever a year with his limbs cramped and reduced mere skin and bone, has been cured and restored to life as it were, in a short time, by this Hakim. He appears to be a physician of good abilities A private dispensary which he has been maintaining for the benefit of the poor speaks to his charitable disposition and the beneficient work he has been engaged in. He deserves encouragement from the generous public.

I had been studying in the Senior B.A. Class when I was attacked with acute rhumatism just before my exami--nation, I had been ailing with this disease for a year and more before I was placed under the treatment of this Hakim. During this period I tried various treatments of English and Native doctors. I was in the Victoria Hospital for more than a month as an in-patient but found myself little improved. I was taken back to my house where the disease grew worse. Every joint of my body was cramped. I was mere bones and skins with little power to digest even milk. Everybody gave me up for last. At this point, this Hakim came and took my case. Within six months, I was able to stir about. It was remarkable how I got more and more flesh every day when I was not able to move a finger. Now, I am so far cured as to be able to attend to the ordinary duties of life.

It is my strong belief that he can cure completely diseases of this type which will take a long duration if left

left to other treatments in a remarkably short period.

Certificate from V.B.Srikantiaya, of Messrs: V.B. Subbiah & Sons, Printers, Bangalore.

I am extremely happy to certify that Moulavi Mahomad Abdul Khudus Sahib, Unani Doctor, treated me sometime back when I was suffering from kidney complaint. Before I availed myself of his treatment I thought of taking English medicine of which I gave a fair trial for a fortnight, the result was a partial relief. Then I took the Unani medicine the effacious of it was widely proken of, I am glad to say the treatment completely cured me. The Hakim's medicine is not harsh but sweat and very palatable, could be taken any quantity at a time without ~~xxxxxx~~ having ill effect. I could say the Unani Doctor very patiently examines cases and pres-cribes suitable medicines as in my complaint. I hope under the circumstances the benign Government will consider many other reliefs given to the public and financially afford help to the Institution as encouragement. Besides myself, my family also derived great benefit by taking the Unani medicine.

(4)

It is about two years ago that I was introduced to Moulavi Hakim Mahomad Abdul Khudus Sahib by a relative of mine while I wassuffering from terrible and ~~xxx~~ excruciating pain in the chest and in the sides. I was unable either to stand or to sit. I tried all sorts of medicines both English and Native none of which gave me any relief. After being treated by the Hakim for about a fortnight, I was completely. cured

For

For the last 15 years I used to suffer from the same pain now and then. But now I am glad to say that after taking medicine from the Hakim, I had no occasion to complain of the same pain.

I personallyknew of another instance in which a child of a relative of mine (who introduced me to the Hakim) was suffering from Jandice. There was very little hope of recovery All sorts of medicines had been tried. The child after being treated by the Hakim for a few days showed rapid signs of recovery and within ten days got completely cured.

Crowds of patients from all parts of the town attend his dispensary every morning and I have not seen a day in which his dispensary was not crowded.

The Hakim deserves every encouragement both by the public and by the generous Government and I wish him every success in his noble efforts.

Sd/ T. Shamaiengar,B.A.,B.L.,

(5)

I am extremely happy to certify that after repeated trials elsewhere, I placed my sister-in-law who was suffering from Hysteria for a long time under the kind care and treatment of Hakim Moulavi Abdul Khudus Sahib. Within a short period of one week, there were visible signs of gradual recovery. Within six weeks my sister-in-law got rid of the dire disease. It is now six months since she was discharged by the learned Hakim Sahib and she had no attack of the disease all along.

A word more about the noble efforts of the Hakim Sahib is not out of place. His means are very limited. With all that he has been freely treating all the patients that are put under his care from his own funds, which I am afraid cannot be continued very long. It is high time for the public to see that this charitable Institution started by the learned Hakim Sahib is maintained. The present grant

by

15

by the Government to this Institution is hardly sufficient even for the medicines that are freely distributed by the Hakim Sahib to the poor.

I visited this Dispensary this morning and I am pleased to testify to the efficiency and knowledge of Moulavi Hakim Mahomad Abdul Khudus Sahib in Unani Medicine. There are more than 100 patients who visit the Dispensary daily. I. exa--mined several persons who have been treated by him for various diseases. They are unanimous in expressing their gratitude for curing their deseases in a skilful manner and for unfailing courtesy received at his hands.

He deserves every encouragement at the hands of the authorities and also from the public who have done much to start this Charitable Institution.

I have much pleasure in certifying that I have known Moulavi Abdul Khudus Sahib as a very good Arabic Scholar and a popular, sympathetic and efficient Unani Doctor for a very long time. He has been our family Hakim ever since I was a young boy and very recently he very successfully treated my uncle who had a stroke of paralysis. He deserves every encouragement and I hope the authorities will appreciate the good services he has been rendering to the public at large.

(3)

I know Moulavi Abdul Khudus Sahib for the past 30 years and more. He has studied the Unani medicine under the famous Moulavi Mahomad Ibrahim Saib of Vellore. He has been practising the Unani Medicine from a long time with success. Though there is a large number of Unani quacks in the Bangalore City, but there are very few actual Hakims of

the

for all cases of sickness in my house. I have not found a case till now which the Hakim is not able to cure. The popularity of the Institution.is very well testified by the large attendance of patients to whom the Hakim prescribes medicines without any distingtion of caste, creed or colour and with unabated zeal. Some of my graduate friends who had no faith in Unani medicines have shaken off their mistaken notions after trying the medicines prescribed by the Hakim. The Institution is supplying the long felt want in this part of the City. The Hakim is easily accessible to all rich or poor. Of late the Institution expanded to a large extent so as to necessitate the employment of two compounders. The grant so kindly given by the Municipality is hardly enough to cover the monthly expenses of the Dispensary.

I paid a visit to the Unani Dispensary at Cottonpet yesterday. Moulavi Hakim Mahomad Abdul Khudus Sahib showed me all the medicines he has kept for the use of the public. He treats many poor patients gratis. I hear that not less than 100 patients attend his dispensary daily. The patients include Hindus, Mahammadans and Christians. The Hindus predominate in number. He has got an establishment of his own and is paying two servants,ten rupees each.

I have great pleasure in saying that the gentleman is doing very useful work. He richly deserves encouragement The Municipality is paying to him a grant for the good work he has been doing. I trust that the public of Bangalore will patronise such charitable Institutions with willingness & pleasu -sure.

I am therefore to enquire whether it was deliberately intended in the second resolution to reduce the grant sanctioned in the first. and if so, whether the provisions of Sec 26 (12) of the Rules regarding the modification or cancellation of resolutions of the Municipal Council within 3 months of the passing thereof were complied with in the case.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments, Bangalore.

SIR,

With reference to your letter No. 10330 / Med. 44-13-46 dated the 10th April 1914 calling for further information regarding the Municipal Council's proposal for the distribution of ₹600/-, provided on account of contribution to Ayurvedic and Unani Dispensaries in the current year's Municipal Budget, equally among Hakeem Abdul Khudus and 3 others at ₹12-8-0 a month, I have the honor to state that the period for which a grant of ₹25/- per mensem was sanctioned to Hakeem Abdul Khuddus expired on the Ist October 1913. At their meeting of the 27th September 1913, the Municipal Council took up the question and were of opinion that pending a full consideration of the whole question the grant of the above sum might be temporarily continued to Mr. Abdul Khuddus, copy of which resolution is enclosed for reference.

2. At their meeting held on the 20th December 1913, the Municipal Council discussed the whole question of grant-in-aid to the Unani Dispensaries and Ayurvedic Aushadasalas in the City including that of Hakeem Abdul

Khuddus

Khuddus and as they considered it undesirable to undertake further expenditure on this head, they deliberately resolved that the amount available may be equally distributed amongst 2 Unani and 2 Ayurvedic Dispensaries named, with effect from the Ist January 1914.

3. As the matter was pending further consideration the Council sanctioned the continuance of the allowance as a temporary measure and therefore no period was specified in the resolution of September 1913. The recommendation made in December is not inconsistent with it and the case does not seem to fall within the contingency contemplated in Sub Section 12 of Section 26. I request that early orders may be kindly passed on the latest resolution of the Municipal Council on this subject.

I have the honor to be

To,

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
BANGALORE.

Sir,

We beg to represent that the maintenance of this Unani Dispensary at Arlepet at Rs.10/- or Rs.15/- a month is impossible. According to the Government order in 1910 the work of the above dispensary had been managed by a Committee who subscribed Rs.75/- a month. Afterwards the Municipality paid Rs.25/- a month by which thousands of patients are being cured for different diseases, a fact which can be corroborated by examining the registers of the dispensary. The factions among the Mohammadans of the City is an admitted fact. The opposite party having learnt the success of dispensary tried their utmost to have this Rs.25/- divided between Moulvi Abdul Khudus Sahib of Arlepet and the Kumbarpet Dispensary. In our humble opinion it is not the policy of the wise Government to entertain the cause of an anti-party and to deprive a good useful institution which is actually doing good work by cutting down its monthly grant from Rs.25/- to Rs.12-8-0. Therefore we pray that the grant of Rs.25/- may be continued to the - Arlepet Unani Dispensary and a separate provision may be made (if convenient) to the other one at Kumbarpet.

We beg to remain,
